SUMMER PASS CONDITIONS

The Allego Summer Pass 2025 is a seasonal subscription offer that provides eligible users with a 30% discount on Allego's public fast and ultra-fast charging stations across select European countries.

Promotion Overview

The Allego Summer Pass 2025 is a seasonal subscription offer that gives eligible users access to a 30% discount on Allego's public fast and ultra-fast charging stations across selected European countries.

Eligibility

The promotion is available to all EV drivers located in the following countries:

- Austria
- Belgium
- Estonia
- Lithuania
- Latvia
- Finland
- France
- Germany
- Italy
- Netherlands
- Spain
- Poland
- Denmark
- Sweden
- United Kingdom

Subscription Pricing (Monthly)

- Eurozone: €11.99
- Poland: 49 PLN
- Denmark: 89 DKK
- Sweden: 129 SEK
- United Kingdom: £9.99

The price is billed on a monthly basis, with each billing period starting on the same calendar day of each month and continuing until the day before that same calendar day in the following month. The price includes VAT, as applicable, based on your billing country. You authorize Allego to automatically charge the applicable fees to your selected payment method on the same calendar day of each month, unless the subscription is cancelled prior to that date and until the last day of August (last possible automatic monthly renewal). This authorization remains in effect until the subscription is terminated or until the last day of August (last possible automatic monthly renewal). Charges will be made in local currency based on the user's billing address.

Promotional Period

- Subscription purchase and automatic renewal window: June 24 – August 31, 2025
- Discounted charging available: during active subscription period. Your subscription must be active at the time of charging to benefit from the discount.

Discount Application

A 30% discount will be automatically applied to eligible Allego DC and HPC chargers, based on the standard local ad-hoc price.

The discount does not apply to AC chargers or partner networks unless explicitly stated in the Allego Summer Pass platform.

Activation & Use

- The pass is managed via the Allego Summer Pass portal.
- No app download is required — the service is entirely web-based.

Charger Scope

The discount applies to Allego-owned DC and HPC chargers, as well as selected partner networks under commercial agreement (including EV Cars and Faolan, where applicable). Visibility of eligible chargers will be provided via the Allego map.

Billing & Cancellation

- Subscription and billing period starts on the same calendar day each month and ends on the day before that same calendar day in the following month. For example, if your subscription (and billing) period starts on the 15th of a month, it will end on the 14th of the next month.
- Last automatic monthly renewal will take place in August 2025, if subscribed prior to August 2025, meaning that all subscription and billing periods will end in September (exact day depending on billing period end day).
- No refunds are issued for partial use or cancellations during an active billing period.
- Users may cancel anytime, but benefits remain until the end of the billing period during which the cancellation took place.

Legal Jurisdiction

This offer is governed by the terms of the 2025 User Conditions for charging, infrastructure, or online services provided by Allego (available on <https://www.allego.eu/terms-of-use/>), as

well as country-specific regulatory requirements. Additional legal disclaimers may apply based on user location.

Updates

Allego reserves the right to amend these Summer Pass Conditions, pricing, or eligibility criteria at any time. Changes will be communicated via the Allego website. If we make material changes, we will notify subscribed users at least 30 days in advance. If you do not agree to the amended Terms, you may terminate the agreement before the changes take effect. Continued use of the service after the effective date constitutes acceptance of the amended Summer Pass Conditions.
